# Catalog of USDA Photos

U. S. DEPT. OF AGRICULTURE  
NATIONAL AGRICULTURAL LIBRARY

MAR 20 1964

CURRENT SERIAL RECORDS

U. S. DEPARTMENT OF AGRICULTURE  
OFFICE OF INFORMATION  
PHOTOGRAPHY DIVISION

## PHOTOGRAPHIC SERVICES AVAILABLE

This is a revised index guide of black and white photographs available from the Photography Division, Office of Information, USDA. Map and chart negatives issued by several agencies of the Department are also on file but they have not been included in this listing. Additional photographs will be integrated into the Library file. These will be included in a revised catalog to be issued at a later date.

The following material is also available from the Photography Division:

1. Index of several thousand color transparencies.
2. Catalog of filmstrips designed for use in teaching better farm and home practices.
3. Picture Stories - Leaflets with a series of pictures about one subject together with captions and a brief text to complete the story. (See last two pages)
4. Photo Series - Leaflets displaying new photographic material about timely subjects. (See last two pages)

When visiting the Department, you are invited to review this central photographic service. The Library is located in the Administration Building, Room 412A. It is open Monday through Friday, 9:00 a.m. to 5:30 p.m.

The Department of Agriculture is authorized by law to sell copies of photographs obtained in connection with its authorized programs. A limited number of photographs will be sent on request to magazine and newspaper editors without charge. Photographic reproductions may be obtained by writing direct to the Photography Division, Office of Information, U.S. Department of Agriculture, Washington 25, D.C.
